### **BEAR CREEK GOLF WORLD TO REOPEN AFTER FLOODING DESTROYED EVERYTHING**

HOUSTON, TX (August 25, 2016) – Major flooding throughout Houston, in April and May of 2016, devastated Bear Creek Golf World; but their grand re-opening will take place Tuesday, August 30, 2016. Starting at 6:30am on Tuesday, 23 holes between the Challenger and President's course will reopen for play along with player carts, beverage carts, and the clubhouse until 7:00pm. Tee times will be available from \$25-30 and will include play of all 23 holes until the winter, when grass has completed regrowth throughout the rest of the courses.

The reopening of Bear Creek Golf World, located in Houston's Energy Corridor, Houston's only 54-hole golf course, is nothing short of amazing. The team there has brought a course back from complete destruction. Since April, when water was flag high through each course, the staff had to work without irrigation systems while only being able to reach some areas by boat and paddle. The fairways and greens had to be completely regrown, new irrigation systems had to be installed, bunkers were completely redone, and most of it was done, in house, by course staff.

Dale Folmar, Vice President of Operations for CBIGG Management, who operates Bear Creek Golf World, has overseen the entire process, "Tough times don't last, tough people do." Through the long hours and obstacles faced to make this a possibility for the players Bear Creek has truly missed, Folmar gives credit to Greg Lauzier, Bear Creek's GM, Chris Bussard, Superintendent, Tommy Zapalac, Operations Manager, Eddie Rodriguez, Head Mechanic, and the rest of the Bear Creek team, "The incredible task of getting this course ready for play, for the people of Houston and their guests, has been our goal since seeing the damage. They have come together to show what a team can do."

Bear Creek Golf World will be open once again, to the public, beginning Tuesday, August 30 at 6:30am. A tee time can be booked on their website: [www.BearCreekGolfWorld.com](http://www.BearCreekGolfWorld.com) or by calling 281-859-8188. Press is invited to contact Greg Lauzier, GM for comments at [GLauzier@BearCreekGolfWorld.com](mailto:GLauzier@BearCreekGolfWorld.com).
